## Bridge study proposed

By Joe Carroll  
Correspondent

**SPRINGFIELD** — A new bridge that would connect Metro East to St. Louis may be in the works if lawmakers from both sides of the river can agree on the specifics.

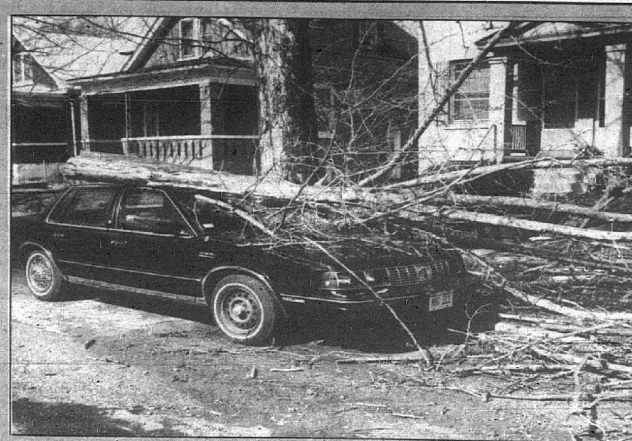

At issue is a four-year feasibility study of the proposed bridge project that would cost \$500,000 in its first year, said Rep. Jay Hoffman, D-Collinsville.

"I think we've got to get going on it if we ever want to have economic development on the east side of the river," he said.

The freshman representative said existing bridges are not sufficient to handle increased traffic flow. He warned that within 10 years traffic on the bridges will be at a near standstill.

The two states would split the cost of the study evenly, Hoffman said. While Illinois transportation officials support the project, Missouri officials have been slow to respond.

The Missouri Legislature does not have as much control over that state's Department of Transportation as Illinois does over its, which is perhaps the main reason the project has been slow in getting off the ground in Missouri, according to (See BRIDGE, Page 5A)

**CRASH:** The owner of this 1986 Oldsmobile Cutlassiera was the victim of unfortunate timing, as a tree fell on the car at 9:20 a.m. Wednesday while it was parked in the 2400 block of Benton Street. Police said they were having difficulty contacting the owner, David S. Milton, who resides in the 3100 block of Ash Avenue. The incident was one of a number of colder weather that is expected to return temperatures to more normal levels for the Easter weekend. A related story is on Page 6A.

## Lead cleanup test is OK'd

By Bob Slato  
Staff writer

**GRANITE CITY** — Soil testing, rather than removal, will be tested here to see if it can be applied to the lead cleanup in the 55-block area surrounding the Taracorp lead pile at 15th and State streets.

At a City Council meeting Tuesday night, aldermen authorized the study by a consortium that is deemed by the U.S. Environmental Protection Agency to be responsible for the lead contamination problem.

The U.S. EPA, after considering seven proposals in December 1989 recommended remedial action including removal of the top six inches of soil in the area. The earth removed would be placed on the existing Taracorp pile, which then would be permanently capped.

But the companies alleged to be responsible for the cleanup, including National Lead Industries Inc., Johnson Controls Inc., Exide, Allied-Signal, American Telephone & Telegraph and General Motors, have all declined to carry out the EPA order.

Attending this week's meeting were Joe Nassif of AT&T, Janet Smith of NL Industries, Mark Kamlow of Allied-Signal and

Dennis Reis of Johnson Controls. The consortium representatives told city officials Tuesday night that a less expensive, faster and safer procedure is possible and will be tried at random sites in Granite City.

The companies contend the EPA standard for a safe lead concentration level in soil, 500 parts per million (ppm), is arbitrary and inappropriate but that they are willing to meet it, if they can do it their way.

They assert that studies by the EPA and the Illinois Department of Public Health have detected no ill-effects among residents of the 55-block area. But they add that they are willing to bring lead concentration to the 500 level by the alternative method.

According to Kamlow, rototilling, rather than actually removing the soil, could reduce lead concentration to an acceptable level.

Under the pilot program, soil in the area will be filled to a depth of nine inches or possibly 12 inches. Lime and phosphorus will be added to the soil.

Kamlow estimated the lead in the ground actually will be reduced to between 200 ppm and 300 ppm, well below the EPA-mandated concentration of 500 (See TEST, Page 6A)

## Woman alleges beating by officer

By Nicole Vaughn  
Staff writer

**EDWARDSVILLE** — A Granite City woman has filed suit against the City of Madison and one of its police officers, alleging she was beaten by the officer during a traffic stop last year.

The four-count lawsuit, filed Friday in Madison County Circuit Court, alleges that Madison Patrolman Raymond "Eddie" Burris struck Sharla Flath "repeatedly in the head while grasping her arm."

The beating allegedly occurred March 25, 1990, when Burris stopped Flath on McCambridge Avenue in Madison for allegations of speeding and failure to wear a seat belt.

The suit alleges that Burris had no probable cause or legal justification to arrest Flath and that he used excessive force.

The suit further alleges that the City of Madison "failed to

discipline, train or otherwise sanction police officers who violate the rights of citizens."

The suit says city government failed to "train properly its police officers with respect to constitutional, statutory and departmental limits of their authority."

The suit is the first locally to allege police brutality in the wake of other incidents around the country and is just one of many to come, said Madison Police Chief Charlie Bridick.

"Municipalities ought to get geared up for lots of these things; they're going to see a bunch of them all over."

Bridick said he was aware of but not familiar with Flath's suit and could not comment on it. He was, however, concerned about future ramifications.

"It's gotten so that if you spit on the sidewalk, they'll sue you," Bridick said. (See BEATING, Page 6A)

## Recycling for kids

Area students and schools interested in participating in the Kids-Can-Recycle aluminum drive to earn money for extracurricular activities can call (314) 726-3346.

The drive started March 16 and runs through April 16. The drive will gather both the traditional beverage cans and heavier aluminum products such as abandoned canoes.

Drive sponsors are Schnucks Markets Inc., Recycled Products International Trade Association, Missouri Energy Resources Corp., World Resources Ltd., Reynolds Aluminum and the Suburban Journal.

Winners of the drive will be announced April 21.

## Street's problems called part of cure

**GRANITE CITY** — Brett Hanke went on the offensive this week to try to explain to motorists why Madison Avenue has looked a little like war-torn Kuwait in the last few months.

Potholes line the main thoroughfare like so many missile craters, but the public works director said the street's reconstruction work is done right.

"Due to a delay in funding, construction was not begun until last summer. Concrete work had to precede paving. Consequently it was not until November the roto milling could begin," said Hanke.

"We applied the first course of asphalt in December just before weather made continuing the operation infeasible."

"The reason that I stopped the paving in December, although we had several warm days, was because I wanted the job done once, correctly. We will be

applying a fabric over the base asphalt to seal water out. We do not want to seal water in. If we do, the pavement will fail when we get freezing. That is why I stopped work last fall."

Waiting did turn up one thing. "As it has turned out, the severe winter has revealed several areas of bad concrete of which we had no previous knowledge."

"Although we have suffered considerable inconvenience with this major street being rough this winter, it was for the best. I do not want to spend \$750,000 to fix a road and have it last just five years."

In a statement, Hanke said he wanted to clarify "an issue which seems to be creating some public furor." He said Street Superintendent Mac Warfield has mistakenly been subjected to much heat from the public over Madison Avenue.

"The Street Department had (See STREET, Page 6A)

## 4 battling it out for Pontoon presidency

**PONTON BEACH** — Three slated candidates and one independent will battle it out for the village president's job in Tuesday's election.

Incumbent Glen R. Wilson, slated by the Progressive Action Party, is being challenged by Randall E. Presswood of the New Direction Party, Raymond L. Gaudette of the Concerned Action Party, and Michael L. Macek, the independent.

Major issues in the race have been continuing disagreements on the village board, the Tax Increment Financing (TIF) district and growth in the village.

Wilson, of 15 Victoria Drive, has been president of the village the past seven years, says a village trustee for nearly six years, village health inspector four years and village building inspector two years.

"I believe that honesty in political representatives is a major requisite to healthy growth and development in any community. I strive to provide both honesty and reliability in our village government while we continue to grow to our potential," Wilson said.

Wilson, 57, has been a resident of Pontoon Beach for 19 years and lives in the Lakeview Estates Subdivision.

He and his wife Robbie have five children and 12 grandchildren.

## Elections '91 Pontoon Beach

Clerk, trustee races: 3A

**Glen Wilson** — Incumbent mayor  
He attended Granite City High School and has been a metal caster for an area manufacturing company for 38 years. He is a member in good standing of Local 4808 of the United Steelworkers of America.

"I feel this experience can be used in continuing to accomplish the needs of the residents of Pontoon Beach while ensuring continued growth and development of the community."

Randall Presswood, 31, has been involved in village activities for several years and believes he has learned valuable information to help the village.

"I feel the current administration has expended a great deal of resources for virtually little progress. I, as mayor, would work not only with the TIF com-

mittee but also other state, county and local leaders to help develop the entire area."

Presswood, who lives at 43 Georgetown with his wife Susan and two children, has been a resident of the area for six years. He is a heavy equipment operator with Local Union No. 2.

Presswood has one year in law enforcement study at Belleville Area College; two years of general studies at Southern Illinois University; and one year of engineering school.

Raymond Gaudette has served as treasurer of Pontoon Beach the last 10 years. "During that time I have gained a great deal of knowledge concerning the financial activities of the vil-

lage," he said.  
In the last four years I have observed a number of poor business decisions that resulted in unnecessary and wasteful spending of the residents' tax dollars. The village is a one-million-dollar-a-year business that requires professional leadership that can make sound business decisions on good business judgment."

Gaudette, 48, moved to Pontoon Beach in 1967. He has been active in Boy Scouts, Pontoon Beach Lions and the Madison County Democratic Party. He was a Pontoon Beach trustee from 1973 to 1981.

He said the village has tremendous potential for growth and he plans to push it.

**Ray Gaudette** — current treasurer

"The intersection of I-255 and I-270 offers businesses a location advantage unsurpassed by any other community in the metropolitan area. Because I-255 is relatively new, property is still a very reasonably priced investment," Gaudette said.

"It is my intention to put together a formal program to present these and many other advantages to businesses relocating in the St. Louis area."

Gaudette said he would form a committee to research state and federal grant opportunities. Gaudette lives at No. 5 Sunflower Court with his wife Shirley. They have three children. Michael Macek, the only non-

# Fire badly damages apartment

By Bob Slate  
Staff writer

GRANITE CITY — A fire in the 3300 block of Kirkpatrick Homes on Tuesday night caused an estimated \$20,000 in damage, authorities said.

The blaze apparently started in a couch in a living room, due

to careless smoking, according to a report.

The occupant of the apartment was listed as Flora Kelly. Firefighters received the call at 8:46 p.m., according to Assistant Fire Chief Bob Bell. Two pumpers, a tele-squirt vehicle, a basic life support unit and an advanced life support unit responded.

The apartment at 3307 Kirkpatrick Homes was fully involved in flames upon their arrival, Bell said.

He said the blaze was put under control in about 15 minutes, but firefighters remained on the scene for an hour and a half.

"It was the worst apartment fire I have seen at Kirkpatrick Homes since I've been on the job," Bell said.

"The boys did a good job to get it under control."

The fire was confined to a single apartment of a 10-unit building in the public housing complex.

## Local man stabbed

GRANITE CITY — A 34-year-old Granite City man, wanted on warrants out of Jefferson and Washington counties, was in stable condition after being stabbed while walking along Nidringhaus Avenue on Tuesday night.

Thomas D. Bryan, of the 700 block of Nidringhaus Avenue, told police he was stabbed once in the abdomen at about 9:05 p.m. as he was walking east on Nidringhaus near the railroad crossing.

After the stabbing, he was able to walk up Nidringhaus to the Illinois Motel, where an ambulance was called.

Bryan said he was unsure, but thought there were two male assailants. He told officers one of the men said, "Give it up," and stabbed him once in the stomach with a knife.

He said the men tried to rob him, but that he had nothing for them to take.

Bryan displayed a wound one-half-inch wide. He didn't know if the weapon was a knife or a screwdriver.

He was transported by Granite City ambulance to St. Elizabeth Medical Center, where exploratory surgery was performed.

Bryan, admitted to the hospital, was listed in stable condition Wednesday.

A computer check on Bryan revealed he was wanted on a Jefferson County warrant for failure to appear at a probation revocation hearing, on two charges of burglary, a charge of theft of over \$300 value, and driving under the influence of alcohol.

The warrant is \$10,000.

He was also wanted on a Washington County warrant alleging failure to pay a DUI fine. Bond on that warrant is \$1,500.

Bond was set at \$15,000.

## Murder trial verdict soon

By Nicole Vaughn  
Staff writer

The fate of a Granite City youth charged with first degree murder remains in the hands of a Madison County judge.

Wednesday, Associate Judge J. Lawrence Keshner took under advisement the case of Leon Hayes, 17. Hayes waived his right to a jury trial.

Keshner is to announce a verdict April 3.

Hayes is charged with the Oct. 5 stabbing death of an Alton man, David Sumner, 21. Police

said Sumner was stabbed after he and a friend argued with a group of youths, including Hayes, on the parking lot of the Vadalabene Bicycle Trial in Alton.

Earlier this week, Alton police testified Hayes was driving a car from the parking lot and was stopped by officers as the vehicle headed into downtown Alton.

A State Police forensic expert, Dennis Aubuchon, testified that blood found on Hayes' shirt was not Hayes' and may have been Sumner's blood.

## Manhunt for escapee ends in Fairview

An escapee from a Colorado hospital for the mentally ill was arrested Wednesday morning by Fairview Heights police following a nationwide search by the FBI.

The escapee's vehicle was found in Collinsville.

William Ray Matthews, 29, was arrested about 9 a.m. in Fairview Heights. Police say he was driving a pickup truck stolen minutes earlier in a robbery in Fairview Heights.

Officers allege that on Monday, Matthews kidnapped a 45-year-old woman at gunpoint from the cleaners where she worked in Fort Worth, Texas.

Charged with aggravated robbery, he had escaped last week from the Colorado State Hospital.

Police say Matthews drove the woman to St. Louis, where she was able to escape unharmed from the hotel where Matthews was holding her.

The FBI notified police agencies nationwide that Matthews was armed with a semi-automatic pistol.

Collinsville Police Chief David Niebur said a security guard at Grandpa's store noticed a 1988 Plymouth Sundance — later found to belong to Matthews — on the parking lot there Tuesday night.

When the car remained on the lot Wednesday morning, she notified police, who had the car towed.

Warrants were being sought Wednesday from Fort Worth.

## Felony arrest here

Michael S. Tatossian, 32, of the 2600 block of Delmar Avenue was arrested at 7 a.m. Sunday following a disturbance at an apartment in the 3300 block of Village Lane.

Jennifer Gaumer, 25, told officers Tatossian went to her apartment demanding entry. When she refused to let him in, she said, Tatossian kicked in a door and engaged in a fight with another occupant, causing damage to walls in addition to the door. Damage was estimated at \$1,000.

Tatossian was charged with one felony count of criminal damage to property and one count of criminal trespass.

He also was booked on Maryland and St. Clair County warrants for failure to appear on DUI charges.

## Sentenced for gun theft

EDWARDSVILLE — Billy S. Lay of the 900 block of 24th Street, Granite City, was sentenced March 11 to two years of probation for theft of firearms. Circuit Judge A.A. Matosian also fined Lay \$350.

On Sept. 3, 1990, Granite City police responded to a report of a man with a gun at Sammy's Tavern, 921 Nidringhaus Ave. Circuit Judge Edward C. Ferguson also fined Crone Smith and Weston revolver, reported stolen, in Lay's car.

Leonard C. Crone, 29, of the 2400 block of Dewey Ave., was sentenced March 11 to two years of probation for unlawful possession of a controlled drug.

Circuit Judge Edward C. Ferguson also fined Crone \$2,000. The charge was reduced from unlawful delivery of a controlled substance.

Harvey Willis, 41, of the 400 block of Weaver Street, Venice, was sentenced March 11 to two years of probation for aggravated battery.

The first year of probation is to be intensive and Associate Judge J. Lawrence Keshner also ordered him to pay an undetermined amount in restitution.

The charge stems from an Aug. 7, 1990, incident in which Willis shot a 45-year-old Venice man in the right leg. The shot

ing occurred during an argument between the two over the man's common-law wife, a relative of Willis.

Jerry D. Hart, 18, of the 900 block of 24th Street, was sentenced March 12 to two years of probation for attempted theft and resisting a peace officer.

Circuit Judge Edward Ferguson also ordered Hart to spend 30 days in the Madison County Jail and fined him \$350. The theft attempt charge was reduced from attempted burglary.

The charges stem from an Oct. 23, 1990, incident in which Hart attempted to break into Yount's Market. When Hart was apprehended after a seven-al-block chase, Hart shoved one of the arresting officers.

A husband and wife were sentenced March 11 in connection with the Dec. 17 burglary of a home in the 2100 block of State Street.

Circuit Judge Edward Ferguson sentenced Michael J. Dobrynski, 40, of the 2400 block of Cleveland Boulevard to two years of probation for burglary.

The charge was reduced from residential burglary.

The wife, Jeanne E. Dobrynski, 34, was sentenced to two years of probation for theft of over \$300 value.

## Woman hit, threatened

Leonard Prothro, 30, of the 500 block of Third Street, Venice, was charged with aggravated battery on Monday, relating to an incident that took place at 3:11 p.m. Sunday.

The victim, Annette Smith of Weaver Street in Madison, told police officers Prothro entered her home, hit her and put a knife to her stomach.

Bond was set at \$15,000.

## Weaving auto leads to arrest

Russell E. Jones, 46, of the 1500 block of Clark Avenue was charged with driving under the influence of alcohol on Nameoki Road on March 16.

An officer reported seeing Jones' auto exit the Corral Liquor Store parking lot at high speed at 10:10 p.m. The driver allegedly weaved from lane to lane north on Nameoki and turned east on Clark. He was released upon posting his driver's license and \$102 bail.

## Antonovich gets 2nd court date

EDWARDSVILLE — Michael Antonovich Jr., a candidate in Madison's 2nd Ward, was scheduled to be back in court today — just five days before the election.

A mix-up last Thursday caused Associate Judge Daniel J. Slack to rule against Antonovich's motion to reconsider his candidacy.

When neither Antonovich's attorney, Thomas Hildebrand, who asked to argue the motion, nor Madison City Attorney Casper Nighohossian appeared, Slack denied the motion.

On March 11, Slack had concurred with the Feb. 13 ruling of the Madison city electoral board. That ruling, based on testimony from a Feb. 4 hearing, removed Antonovich from the ballot on the basis that his residence at 1401 Madison Ave. is not within Madison's city limits.

The two-story structure, which is on the Madison/Granite City boundary, is both the Madison Garden Shop and Antonovich's residence.

Hildebrand filed a motion to reconsider Slack's ruling later that week. He was surprised to find that a ruling had come before he had been given a chance to argue the motion.

This is Antonovich's third bid for alderman.

## Willing Workers to meet Saturday

Steve Ortiz, president of the Willing Workers, says the group will hold its monthly meeting at 10 a.m. Saturday, March 30, at the YMCA, 2100 Edison Avenue.

The purpose of the meeting is to finalize plans for a 11th reunion which will take place Saturday, May 4, at the Knights of Columbus Hall, 4224 Old Alton Road.

There will be a social hour at 5 p.m. and a buffet dinner at 5:30 p.m. and dancing from 7 p.m. to 11 p.m. The cost is \$15 per person.

The organization will participate in a job fair for the handicapped April 19 at the Granite City Elks Lodge 1063, 4801 Maryville Road.

## Briefly

### Easter Sunrise Services slated

Easter Sunrise services will be conducted by Rev. Gene Lineberry of the Johnson Road General Baptist Church at 6 a.m. at the church, 2033 Johnson Road on Easter Sunday, March 31. Pastor Randy Vallmar of the Cedar View General Baptist Church will deliver the sermon.

The public is invited to join in this special observance. Sweets, coffee and juice will be provided in the basement fellowship room following the service.

Regular Sunday School is held at 9:45 a.m. and church services follow at 10:45 a.m.

### Sunrise drama offered

The Angelic Choir of Greater New Hope Baptist Church will present a dramatic play, "The Seeker," with 100 Women in White at 5 a.m. Sunday, March 31, at 2240 Missouri Ave.

The guest soloist will be Carol Haywood of Milwaukee, Wisc., and Fred Robinson of St. Louis. Veronica Hornsberry of Burtonville, Maryland, also will perform.

### Good Friday service set

The Madison County Baptist Association will be having a Good Friday Service at Calvary Baptist Church, 3000 Washington Ave., on Friday, March 29, at 7 p.m.

Everyone is welcome. The Rev. Hart, pastor at Pontoon Baptist Church will be the guest speaker.

### Day of Renewal set

The Victorious Missionaries at the National Shrine of Our Lady of the Snows will hold their Day of Renewal from 10:30 a.m. to 2:30 p.m. Saturday, April 6, in the Dr. Tom Dooley Center. Father Robert Braun, O.M.I., will be the liturgy celebrant. The afternoon program will include a tribute to deceased members. Families are encouraged to attend and participate.

## Obituaries

**Robert Hagnauer Hagnauer**

Robert T. Hagnauer, 65, of Granite City died at 6:10 p.m. Tuesday, March 26, 1991, at St. Elizabeth Medical Center after an illness of four months. He had been hospitalized for about two months.

Mr. Hagnauer was born May 27, 1925, in Granite City and was a lifelong local resident. He retired in 1983 from American Steel Foundries, where he was a planner. A World War II Navy veteran, he was a member of Holy Family Catholic Church.

Survivors include his wife, Kathy (Loy) Hagnauer, whom he married in September 1949; one son, Robert W. Hagnauer, and two daughters, Mrs. Robert (Kathleen) McBride and Mrs. Larry (Mary Ellen) Palmer, all of Granite City; two brothers, Madison County Board Chairman Nelson Hagnauer and Charles Hagnauer, both of Granite City; two sisters, Cecelia Mateyka of Glen Carbon and Ruth Kriesel of Granite City; and four grandchildren.

He was preceded in death by his parents, Robert Nelson Hagnauer and Cecelia Agnes (Benson) Hagnauer, and a brother, Edward Hagnauer.

Visitation will be from 4 p.m. to 8 p.m. Friday at Irwin Chapel, 3960 Maryville Road, where a wake service will be conducted at 4 p.m. Services will be held at 9 a.m. Saturday at Irwin Chapel, with the Rev. Bill Fisherkeller officiating. Burial will be at Calvary Cemetery, Edwardsville.

## Spengler

Murel L. Spengler, 71, of Granite City died at 2 p.m. Wednesday, March 27, 1991, at St. Mary's Hospital, Richmond Heights, Mo. He had been ill and hospitalized since March 16.

Mr. Spengler was born Jan. 22, 1920, in Granite City and was a lifelong resident.

He was employed by Roseman Printing Co. as a painter for 30 years. He then was self-employed from 1970-79, and worked for Southern Illinois University from 1979-84.

A veteran of the U.S. Navy, serving in World War II, he was a member of Painters Local 120, At Central Christian Church, he was a deacon, an elder and chairman of the board.

Survivors include his wife, Sara Beth (Nagley) Spengler, two daughters, Mrs. James (Martha) Portney of Roswell, Ga., and Deborah Forshoe of Ballwin, Mo.; one brother, Fred G. Spengler of St. Augustine Beach, Fla.; one sister, Mrs. Mary Ellen Rupp of Chesterfield, Mo.; and three grandchildren.

He was preceded in death by his parents, Fred and Martha (Baley) Spengler.

Visitation will be from 4 p.m. to 8 p.m. today at Irwin Chapel, 3960 Maryville Road, where services will be conducted at 10 a.m. Friday by the Rev. James Craddock and the Rev. Michael Tamm. Burial will be at Sunset Hill Memorial Estates near Edwardsville.

The family suggests memorials to the Church Building Fund or ECHO.

## Spengler

The family suggests memorials to the Church Building Fund or ECHO.

## Beating

(Continued from Page 1A)

Earlier this month, Los Angeles police came under criticism after a resident captured the beating of Rodney King on videotape. Four officers have been charged in the incident and prosecution of at least a dozen other officers who witnessed the beating is being considered.

## Test

(Continued from Page 1A)

The U.S. EPA has thus far refused to consider a pilot project of filling, and companies feel the EPA is taking a position that is "arbitrary and capricious," according to Smith.

The advantages of the alternative procedure include reduced cost and time as well as increased safety, Kamilow said.

The roto-tilling method over the entire 55-block area would take approximately a year, Smith said, as opposed to three to four years for soil removal.

Further, she explained, trucks carrying hazardous waste through residential areas under the EPA plan would be eliminated, reducing the dusting — spread of potentially dangerous particles into the air — that would occur in taking soil to the pile.

Under the soil removal required by the EPA, the Tara-corp lead pile could not be capped until the project is completed. But the pile could be capped immediately under the tilling plan, Kamilow pointed out.

He said the only "downside" to the tilling proposal is the fact that the lead would not be removed, with only the concen-

## Clerk

(Continued from Page 3A)

Ross, 45, is a member of Progressive Lodge 41 of the International Association of Machinists and Aerospace Workers, and has served as recording secretary for the Longshoreman Association Local 1700.

"I am proud of the growth that has taken place in Pontoon Beach and I believe it is time to move toward further growth in the future," Ross said. A native of Tulsa, Tenn., Ross and his wife, Rita, have a daughter, Melissa, 19. He is a member of Suburban Baptist Church.

Michael ("Mike") Presson, 39, owns and operates Presson Tax Service. He has resided in the area for 11 years and is a native of St. Louis.

Presson is a member of the

## Bridge

(Continued from Page 1A)

Sen. Frank Watson, R-Carlinville, and Sen. Wayne Goode, D-Normal, are supporting the bridge plan in Jefferson County, but transportation officials say they have yet to hear of the project.

As far as I know, no one has approached the Missouri (Transportation Department) about it," said Harry Price, planning and programming engineer for the agency.

The East-West Gateway Coordinating Council and the Regional Commerce & Growth Association, both headquartered in St.

## Wind has phones 'ringing off hook'

GRANITE CITY — Police officers report a large number of calls relating to windy conditions Wednesday afternoon.

According to Sgt. Mike Gage, "The phone has been ringing off the hook" since he went on duty Wednesday afternoon. Gage said callers reported trees and power lines blow down, causing power outages in several areas of the city.

He said signs were reported blown over and a railroad crossing gate on West Pontoon Road was damaged. An automobile accident with minor injuries was reported near the intersection of Route 200 and Maryville Road, and damage was reported to the roof at St. Joseph's church.

Gage said one caller reported bricks from a condemned building on Washington Avenue actually blew into the street. The calls tapered off by mid-evening with the dwindling of the winds, police said.

## Trivia

Last week, five New York police officers went up on murder charges in the beating death of an auto-theft suspect, Frederico Pereira.

Neither Flat's attorney, Charles Courtney of Swansea, nor Casper Nighossian, Madison's city attorney, could be reached for comment.

## Trustees

(Continued from Page 3A)

in local government with a thorough knowledge of all procedures. I have a genuine and sincere desire to serve the public and this is my only objective in seeking another term of office.

"We of Pontoon Beach are located in the 'Golden Triangle' between three interstate highways — I-270, I-255 and I-55. Working as a team, we will be able to continue the growth and development that we have started, with the interest of the public as our priority," Whitsell said.

## KARLECHIK

Incumbent Irene Karlechik resides at 4118 Lake Drive. She has served on the Village Board of Trustees for the past 10 years and is seeking a four-year term.

"An important aim of the Concerned Action Party will be to provide extra services for Pontoon Beach Village residents, such as decreasing taxes," Karlechik said.

She favors "a humane officer to serve the village; the possibility of a village trash collection; our own Zip Code; and much needed assistance for the volunteer public library."

Karlechik was employed as educational secretary at the former Stallings Grade School from 1955 until 1977. She has served as secretary of the Long Lake Fire Protection District since 1975, was recording secretary of Service Employees Union Local 98 for 18 years and served as a deputy tax collector for seven years.

Active in the Parent-Teacher Association, Karlechik served as president and treasurer of the Stallings PT and as secretary of the Granite City PTA Council. She has two children, Judith and Michael, and three grandchildren.

Karlechik and her late husband, John, were named "Citizens of the Year" in 1977. She is a member of St. John Lutheran Church.

## PATRICK

Edgar ("Pat") Patrick has been a resident of Pontoon Beach since 1947. He participated in the formation of the Long Lake Volunteer Fire Department in the late 1940s and also helped organize the Pontoon Beach Public Water District in 1968. He has served on the water district's board of directors since that time.

Patrick and his wife, Sylvia, were named "Citizens of the Year" by the Pontoon Beach Lions Club in 1982. He worked for incorporation of the village in 1968 and served as Nameoki Township tax collector for four years. He is a life member of

## Pontoon

(Continued from Page 1A)

expanding and developing Lakeside Airport, which is adjacent to Pontoon Beach.

"The airport can be expanded and developed to include an office and industrial park at no direct cost to the taxpayers. Tax-free industrial revenue bonds can be used for development. The only other place this can be done is in the area of the Tri-City Port District."

Macek said the current plan for improving Pontoon Road from Granite City to Illinois Route 111 is already outdated.

"All it consists of is adding left-turn lanes. It should be compatible with Granite City's plan adding two more driving lanes and the left-turn lanes."

Macek is also advocating realigning the intersection of Lake Drive and Pontoon Road, updating the plan to extend Pontoon Road through to Route 162

AMVETS Post 51 and a member of VFW Chapter 53.

A U.S. Army Air Corps veteran of World War II, Patrick is the father of three sons: He has grandchildren and great-grandchildren.

He was business agent for the Hotel, Restaurant and Bartender's Union for seven years and a member of the Tri-City Trades and Labor Council board.

Patrick, 74, and his reasons for seeking office are "the common sense, maturity and ability to communicate and negotiate which will be needed to settle the legal actions now pending against the village. (These) have not been demonstrated by those whose errors in judgment have caused the problems. I believe that my running mates and I can supply these qualities."

"One of the issues in the election is the misuse of the Tax Increment Financing law to the detriment of our taxpayers. The resulting litigation could be long and costly. Funds for this will come directly from the village treasury and will be an added tax burden."

## FOURCAULT

Kathy Fourcault lives with her husband, Pete, at 4249 Mariog Ave. They have two children, Steve, 19, and Missy, 12. She has resided in the village for the past four years.

Active in the Scouting movement, Fourcault has served as a Boy Scout commissioner and a leader in the Cub Scouts and Girl Scouts. She is employed in the commercial insurance business with the Keweenaw Insurance Agency.

"I feel it is time for new leadership in the village. We need to attract new business but not have haphazard growth. We need a plan fair to residents and businesses alike."

"My business expertise can help coordinate the village government with the business world," Fourcault, 38, said.

She has worked as an insurance broker and telephone operator. She graduated from Cahokia High School in 1970 and attended Southern Illinois University at Edwardsville.

## VINCENT

Robert E. Vincent resides at 6 Mimosa Drive with his wife, Debbie, and children, Bobby, 16, and Autumn, 11.

He has resided in the village for the past 20 years. A 1971 graduate of Collinsville High School, he attended Belleville Area College for two years.

Vincent, 38, previously served eight years as a village trustee and he claims his experience on the board as a primary qualification. He also has served as zoning administrator for the village.

"I want to promote continued growth and progress within the village," Vincent said.

He is employed as a salesman with St. Louis Envelope Co.

## MC FARLAND

Linda McFarland, 38, resides at 9 Tulip Court. She has been married for 20 years to Pete McFarland and they are the parents of two children, Donita, 19, and Shane, 15.

McFarland was a licensed child day care provider for 12 years and also worked for Parents Plus for a short time. She is a volunteer with the Pontoon Beach Public Library and a member of the library committee.

"We have lived here for 12 years and watched Pontoon Beach grow for the good of the residents."

"I would like to be part of the new growth of Pontoon Beach in a positive way and help the residents better understand the way the village should run in harmony with the McFarlands."

## HARPER

John E. Harper, 37, resides at 30 Iris Lane with his wife, Grace. He has three children, Jaclyn, 10, Lori, 18, and Chris, 19.

A lifelong area resident, Harper graduated from Granite City High School in 1971 and served in the U.S. Navy.

He is a construction worker, employed by Limbaugh Builders. Harper is an Eagle Scout and an adult leader in the Cahokia Mound Boy Scout Council.

"I have been involved in village activities my whole life. I feel my construction background can help guide the village through its new development."

"My reason for seeking office as trustee is to continue the development that has begun and attract new businesses for the benefit of the whole area," he said.

## RICHARDSON

John C. Richardson resides at 4217 East Lake Drive and has lived in the village for the past three years. He and his wife, Vicki, are the parents of Jessica, 8, and Brittni, 8 months.

"My qualifications are limited but I have a strong desire to provide the best atmosphere and environment for my wife and I to raise our daughters."

"My reason for seeking office is the environment. We need to start thinking about recycling programs and other landfill problems. I think I can be that voice to initiate those programs," he said.

Richardson, 27, attended Granite City schools and is employed as an operator/repairman at Air Products in Granite City.

## FUNERAL PROFESSIONALS

near the interstate highway improvements to the police department equipment and manpower; and better investment of village funds.

Macek is critical of the untimely filing of village ordinances, the condition of village roads, the lack of recreational facilities for youth, and the lack of a post-office in Pontoon Beach.

Macek and his wife Becky live at No. 60 Rebecca Drive. They have three children.

He is a management consultant with the City of Madison and a contractor.

# Edgar names Stephens to head state disaster agency

By Joe Carroll  
Correspondent

SPRINGFIELD — Former state Rep. Ron Stephens was tapped Tuesday by Gov. Jim Edgar to head the Illinois Emergency Services and Disaster Agency.

Stephens, a pharmacist from Troy, who first won election to the House in 1985, will have 72 employees under his command statewide and a budget totalling

more than \$43 million. "Geographically, this is an important appointment," Stephens said after Edgar formally announced the appointment. "It's a Metro East position, personalized in me, and it shows the importance our area holds in the governor's mind."

The agency is responsible for coordinating local responses to disasters, such as floods and tornadoes, said spokesman Lynn Bobo. In addition, the director

works with the governor and federal officials in declaring disaster areas, Bobo said.

Edgar said Stephens' combat experience — he was awarded the Purple Heart and Bronze Star as an airborne infantryman in Vietnam — prepared him for the job. "He was under fire in Vietnam and that should help him deal with disasters," the governor said.

As director of ESDA, Stephens will earn \$42,300 a year, one of

the lowest paid directorships in the state. Nonetheless, it's a raise of about \$7,000 from what he earned as a lawmaker.

Stephens said he would not seek reelection to the General Assembly in 1992. He lost his seat in the House last November after a hotly contested race against Collinsville Democrat Jay Hoffman.

The No. 1 priority at ESDA right now is rebuilding Plainfield

High School, near Joliet, which was levelled by a furious tornado late last summer. Twenty-nine people were killed during the tornado, which ranked among the top 3 percent of the worst tornadoes in U.S. history.

A \$2.5 million appropriation to rebuild the school is before the House.

"We have some special considerations in our area, such as flooding, and I am looking forward to working with my coun-

terparts on the local level," Stephens said.

Stephens replaces Tom Ortzinger, who retired from the post in April 1990, after then-Gov. Jim Thompson asked Ortzinger to take over the Department of Nuclear Safety.

Since then, John Plunk, chief of operations at ESDA, has been the acting-director. Plunk will return to his job as chief of operations, Bobo said.

## Tom And Sue Just Bought Their First Home.

### "How Can They Afford That?"

### Ask Magna.

Mike and Tom have a lot in common: They were born just days apart, grew up in the same neighborhood and played on the same baseball team. Today Tom and his wife, Sue, bought a new house. Mike and Cindy are wondering how.

Putting money aside for the things you want in life like your first house, a new car or the family you've been planning, isn't easy. And that's where Magna comes in.

We'll sit down with you and discuss your present situation and future plans. With our wide range of credit, savings and investment programs, we can outline plans to help you reach your short-

term goals. And, we'll show you ways to plan now to ensure that your financial future is secure, too.

We have what it takes to help: solid experience, sound financial management and solutions to your financial needs. The important basics when you're looking for a bank with real strength.

### Warfield for street chief

We were faced with a difficult choice: Do we endorse an incumbent whose track record has been less than stellar or do we endorse a challenger who thrives on pointing out problems of the current street administration, but appears to be just as unlikely to be able to correct these same problems? We chose the incumbent.

Despite flaws in how he has handled the office during nine years, Superintendent Mac Warfield seems to have fared greatly in just the last year. He buried the hatchet with Mayor Von Dee Cruse and has actually been working closely with him since the days when the two squared off in the distasteful mayoral campaign of 1989.

Warfield also seems to be getting more out of his street crew these days. During the mayoral campaign, politics was throwing a wedge into productivity. The division still exists between segments of workers, but it is less apparent.

The next four years in the street department will be every bit as difficult as the last eight. There will be less money. Roads will continue to deteriorate. People will complain. We need somebody in the office with a history of supervisory skills. Somebody who understands budgets, can get along with aldermen, can treat the city wards equally. Somebody who knows how the superintendent's job works.

Warfield seems better equipped in all of these regards. We are also left with a bitter taste with the way Harrison has been campaigning. He has had a series of negative ads, some of which don't hold up under scrutiny. He has accused Warfield of using workers to campaign for him during work hours. Warfield says those workers were using comp time.

He says Warfield allowed streets to become as bad as they did during the recent winter ice storms. But there wasn't a town in this area that could have handled that kind of blitz.

There are other accusations, not worthy of mention.

You can't blankly say Warfield has done nothing. Several lift stations have been upgraded. Department equipment has been purchased. And one of the city's brightest accomplishments, the Insituform overhaul of sewer lines, is virtually complete. Insituform wasn't Warfield's idea, but he helped expedite the program.

Warfield has also avoided a negative campaign. He was pressed many times during his interview with us, but said few disparaging things about his opponent. That's a remarkable change from two years ago.

The city needs an organized, systematic approach to fixing its streets, and Warfield knows this, though he says it's going to take money. Sure, Warfield has made some bad decisions in office, but you have to ask yourself: Could Harrison do better? We just don't think so.

Vote for Mac Warfield.

### Sandy Crites in 7th Ward

Youth and inexperience don't have to go hand-in-hand. Sandy Crites, long active in community affairs, and long interested in city government, is a perfect example, and we feel she is the best candidate for 7th Ward alderman.

Her ideas for the ward, her ability to get them across and her desire to perform seem stronger than that of incumbent Alderman Emerald Dawes.

The issue of continuing development in the Dobrey Slough area looms large in this ward, and Dawes' support of it is questionable. Dawes said that if the project causes the water table to rise he would not be in favor of it, but if that happens, won't it be too late to do anything about it? Dawes also says he doesn't think drainage will be a problem, but how can he know until federal engineers render an opinion? Dawes should have been standing on the side of the homeowners concerned over their properties, rather than the side of the developer, until that developer has proven his case.

In most areas Crites and Dawes seem pretty even in comparison, but we feel Crites could do better. Her priorities will be street, sidewalk and curb, and limiting haphazard annexations and commercialization of residential property — all important issues in this, the most populated ward in the city.

### Macek for Pontoon mayor

Of the four candidates for president of the Pontoon Beach Village Board, only Mike Macek has laid out a clear-cut approach to what he would do in office. We find his thinking logical, reflective and realistic, and feel he would do the job.

Incumbent Glen Wilson has done all right in his tenure, but the village board has gone through such factionalism in the last four years that it is, frankly, time for a severe change in thinking. Only Macek is offering an independent voice in this election. All others are slated candidates who offer little in the way of positive, fresh ideas.

Pontoon Beach is on the brink of progress unlike any other time in its history. To get someone with the experience of directing and coordinating growth will be vital. In his role as a management consultant with the City of Madison, Macek has had a great deal to do with rapid expansion of that city's boundaries and business growth in just a few months' time. He is stressing unity, not division. Pontoon Beach needs this.

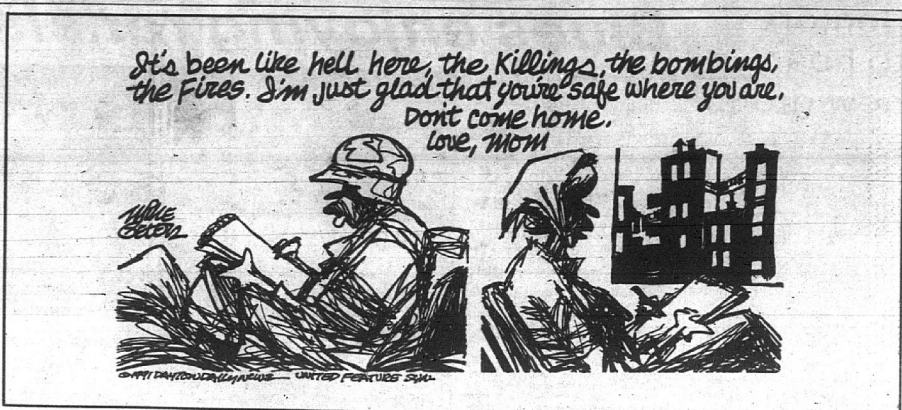

### And all of the rest ...

We feel this way about all other races not previously commented on. We support:

For village clerk in Pontoon Beach: Michael Presson of the New Direction Party, whose tax and business background would give the office a better understanding of its role in government.

For trustees in Pontoon Beach, three to be elected: incumbents Irene Karlechik and Loren Madison of the Concerned Action Party, and Lou Whitell of the Progressive Action Party. Despite the fact they vote opposite each other all too frequently, they are the most qualified of the candidates. It should be said, however, that it is time to put politics, pettiness and obstinacy aside for the betterment of all concerned. One need only view the three different slates of candidates to understand why Pontoon Beach is not moving ahead more quickly.

In Venice, three to be elected as aldermen, but only one has a challenge. First Ward incumbent Charles Collins has shown no reason why he should not be returned to office. At the same time we encourage his opponent, Michael Terrell, a qualified candidate, to continue his pursuit of political office in Venice.

## Letters

### Warfield is doing his job efficiently

To the editor:

This letter is in rebuttal to one printed last Thursday.

In light of the negative letters recently printed in our Granite City newspaper regarding Mac Warfield, I would like to simply say, "What a bunch of bull." It seems that the Harrison supporters haven't read the Press-Record's wish in regard to (avoidance of) mud slinging.

Mr. Warfield took on a job few people would have attempted when he was appointed in 1982. He has made every effort to do the job well and efficiently, even on those occasions when he had to buck the system.

He's not only a great superintendent of streets, but a caring and decent individual who deserves a great deal more credit for his performance as street superintendent.

I, for one, say, "Keep up the good work, Mac."

BETTY DIAK  
Granite City

### Phone money goes to favorite charity

In regard to Illinois Bell's Link Up surcharge of 15 cents, I paid Illinois Bell the amount of my phone bill less 15 cents.

I enclosed the following letter to Illinois Bell with my remittance.

Illinois Bell  
Bill Payment Center  
Decatur, Ill.  
Dear Sir:

I have donated 15 cents of "your" money to one of my favorite charities.

Instead of you reimbursing me this 15 cents by going to the time and trouble of writing me a check for 15 cents, I have deducted 15 cents from my phone bill.

I'm sure my charity is grateful for your 15-cent contribution and I want to thank you for your generosity.

WILLIAM A. GRAHAM  
Edwardsville  
Editor's note: Since receipt of this letter, the ICC has overturned the phone surcharge.

### Volunteers make Red Cross work

To the editor:

The author is one of several volunteers who signed letters during the Tri-City Chapter American Red Cross membership campaign. This letter is addressed to all local voters.

Each day members of our community, including yourself, are asked to be team players in supporting a cause or an organization and many times without the benefit of a thank you. In 1990, you played your part for the American Red Cross and we would be most ungrateful if we didn't thank you for caring about the programs and services which are offered to everyone in the community.

In 1990, your membership on the team helped many others in need. With you on our team the Red Cross assisted 63 families that felt the tragedy of losing their home to a fire or flood with food, shelter, and clothing to help them restore their lives. Families, possibly like yours, who have loved ones in the Armed Forces were comforted by a message that was sent to that servicemen during a family emergency. Victims of accidents or disease received one of the

1,786 units of blood donated by you and other team members throughout the area. An over 500 individuals were trained in life-saving skills such as CPR, and first aid to help unsuspecting victims in time of an emergency. This assistance is revealed to the community each year to let everyone know with support these services can be provided to those who need it. But also, to let you and your friends know that we are able to help because of you and that we are here for you.

Each year we ask the community to give to the annual Red Cross membership campaign and place a trust in the leadership to use this money wisely and conservatively to carry out its mission of helping others. Your membership contribution of one dollar or more will not be squandered on extravaganzas or luxuries, but will be placed where needed with utmost responsibility.

Elsie Maylath  
Granite City  
Red Cross Volunteer

### Humane Society called inhumane

To the editor:

A controversy on animal rights was aired on KMOV Channel 4. What a shame that Granite City, with a population of 32,000-plus, is the only community that still puts animals to death with an air decompression chamber at the local shelter.

This device puts animals to death by pumping the oxygen out of the tank where the animals have been placed. As the air leaves the tank, the animals claw and bite each other, gasping for their life.

What a painful, frightening, excruciating death these animals face, all because they are lost or abandoned.

There are more humane ways. All other shelters in this area use gas chambers or injections, and yet Granite City still uses this inhumane, barbaric way to kill pets.

It is time for us pet-loving citizens to stand up and voice our total disapproval of this practice, and continue voicing our opposition until our elected officials bring it to a halt.

PHYLLIS KELLY  
Granite City

### Precinct support for Mac Warfield

To the editor:

This letter is in rebuttal to one printed last Thursday.

I respect a person's opinion in support of certain candidates. By the same token, I do not appreciate distortion or vagueness of truth in order to manipulate voters to elect a certain candidate.

I have been a Street Department employee for 18 years. Democratic precinct committeemen are unified in their support for Mac Warfield for reelection as superintendent of streets.

No other candidate, as far as I can remember, has ever had the privilege of this amount of support. Do the supporters of Mac's opponent oppose unity and cooperation between the superintendent of streets and precinct committeemen?

In regard to Mr. Harrison's driver's license, the fact is that during the snow storms "Jug" did not have a license which would allow him to operate a snow plow with gross weight of 16,000 pounds.

Should we allow the city to be

liable for a lawsuit in case of an accident?

In regard to the city employee who was accused of canvassing the 7th Ward on city time, the fact is that I was that employee.

I used compensating time, agreed upon by the union and the city, which I had earned, instead of taking overtime pay.

MONROE "MARK" REYNOLDS  
Granite City

### Develop better way to control animals

To the editor:

I am a registered nurse at our local hospital and also an animal lover. After watching Channel 4 News' report about Granite City's inhumane treatment of the disposal of animals, I was very upset.

How can we be proud of this town?

If the decompression method of animal disposal is against regulations, why are we still using it?

In the case of a man who was even willing to pay all necessary fines to keep a dog from being put to death, a city employee gave the orders to kill the dog anyway.

Is this the way Granite Citizens run their town?

I am proud that a man like Mr. Nease cared enough about this cruelty to animals to speak out and let his story be known.

I just hope that our city's officials will take this problem seriously and take time to develop a better way of animal control.

BRENDA JONES, Granite City

### Tribute to Madison police and firemen

To the editor:

A Madison family resident wants to give credit where credit is due.

In the early hours of Feb. 14, 1991, Madison Police Officer Richard Ballew was patrolling our area, which most of our residents and nearby communities think our police department doesn't do. He came upon a fire in our garage.

He then came to our door and informed us of the fire. Officer Ballew had already called the Madison Fire Department, which

in a matter of minutes was at our home. They did a fine job, the whole crew; they stayed and assured us everything was all right.

I just want to say that Madison has the finest police and fire departments of any town I know of. We are proud to live in the town of Madison.

We want to say thanks. If not for Officer Ballew and our fire department and their alertness, we would not have a house and garage and possibly, the fire would have taken our lives.

MR. AND MRS. BILLY BUTLER  
Madison

### He's buried the past differences

To the editor:

This letter is in rebuttal to one printed last Thursday.

Mr. (Street Superintendent Mac) Warfield and I had our differences over the mayor's election in 1989.

I'm not the type of person who holds a grudge, so I and Mr. Warfield were able to sit down and talk. That is why I'm with Mr. Warfield in this election.

He was not the one who put the piece in the newspaper about me. I think that Mr. Warfield is doing a heck of a job as superintendent of streets with what he has.

I urge people to get out and vote for Mac Warfield on April 2, 1991, and elect him for another four years.

HOLLIS DONALDSON  
Granite City

### Local can thieves should be ashamed

To the editor:

I just read in the Press-Record about a friend of ours that lives on Lee Avenue. His name is Leroy Mangarino. He collects aluminum cans to help pay for help with his wife, who is paralyzed from a stroke.

On Feb. 20 someone took about \$55 worth of cans from his yard. We hope the ones who took them needed them more than Leroy. Or, we hope that if they read this it will make them ashamed.

DR. JOHN PETROVICH examines fellow physician J. Paul Guldry.

## Petrovich receives pacemaker certification

John Petrovich, M.D., a vascular and general surgeon on staff at St. Elizabeth Medical Center, in Granite City, has received certification for permanent pacemaker insertion at Medtronic, Minneapolis.

Dr. Petrovich, a native of Granite City, was educated and trained at Southern Illinois University, Springfield, and its affiliated hospitals.

During his residency, Dr. Petrovich performed several hundred major vascular surgeries.

"This additional training with Medtronic gives me a broader dimension to work from and will enable me to better serve the people of our community in vas-

cular and pacemaker surgery," Petrovich said.

He said that about half of his practice involves vascular surgery. Vascular surgery includes anything pertaining to or composed of blood vessels.

Petrovich is enthusiastic about the future of vascular and pacemaker surgical procedures at St. Elizabeth Medical Center.

"With our current technology and instruments at St. Elizabeth, we can compete with any medical center in the area as far as quality of care and positive results," he said.

Dr. Petrovich has offices in Granite City (877-3504) and 1123 University Drive, Edwardsville (692-0635).

## 5 stars Credit union receives top rating

Bauer Financial Reports Inc., a Coral Gables, Florida research firm, has announced that Granite City Employees Federal Credit Union has been awarded a five-star rating. This prestigious award identifies this institution as one of the safest, most credit-worthy credit unions in the United States.

The award is based on a zero to five star rating assigned by BFR based on its analysis of the June 30, 1990, financial data as filed with federal regulators.

A five-star rating, for the safest credit unions in the country, indicates that the credit union's deposits are federally insured up to \$100,000 per account, that its regulatory capital exceeds 9 percent of assets, that there are no excessive delinquent loans or repossessed assets and that the credit union is operating profitably or posted an insignificant loss for the period.

Out of a total of 13,971 credit unions reporting only 3,690, 26 percent, received a five-star rating.

## Griffith opens law office in Granite City

D. Scott Griffith, a Granite City native, has opened a law office in Granite City.

Griffith is the son of Mr. and Mrs. Gerald Wayne Griffith. He currently resides in Collinsville, with his wife, Dianne, and his son, Ben.

Griffith's office is located at 30209 Iowa Avenue. The phone number is 451-8883.

Griffith said he will work in the general practice of law. Included will be family, collections, bankruptcy, estate, personal injury, and criminal law.

## What You Don't Know Could Hurt You.

### Shedding some light on a touchy subject

Each year, more than 450,000 Americans are diagnosed with skin cancer—one of the most common forms of cancer. Studies show skin cancer is caused by repeated sun exposure, and in many cases can be prevented by taking a few simple precautions.

Fortunately, skin cancer is the easiest cancer to detect, and if found early enough, most cases can be treated successfully.

## St. Elizabeth Medical Center

2100 Madison Ave., in Granite City, IL.

is offering a

(Continued from Page 18)  
is not simple; it's not as easy as it sounds. It's a very complex art form and you have to have road miles. Your ear becomes accustomed to it."

Brenda Carlson, an employee at the Blue Too Cocktail Lounge in north St. Louis, said she didn't know or understand blues at first, but "kept coming around."

"I kept listening and it grew on me," she said. "The people who sing it are singing about some kind of life experience or something you can relate to."

A disc jockey at the lounge, located at Union and Greer avenues, plays a mixture of old and new blues.

Gabriel has become so accustomed to blues music that he admits he cannot listen to anything else, including musicians he grew up with in East St. Louis.

"I went to school with Miles Davis and I could not tell you what he's playing. I know he's playing from his heart and he's sincere, so I respect that. I cannot understand jazz, but I don't put it down."

Gabriel is no hypocrite, though. All he likes is blues and country. And that's all he will play — even if it means not having a disc jockey job.

"I'm not going to do what I don't like at this late stage of the game," he said.

**RAW SEWAGE IN OUR STORMWATER DRAINS?**

\*\*\*\*\*  
Until Jug Harrison told the Press-Record Journal that raw sewage was being pumped 400 ft. into the untreated storm sewers, the current street superintendent guessed it was a sanitary sewer. "I wasn't aware of it," he told the newspaper. "Why don't you ask (Harrison) what he would do?" he said.

Jug Harrison would have run the line to a sanitary sewer 100 feet closer, avoiding raw sewage in the Nameoki Ditch and then Horseshoe Lake.

It took a threat of a \$10,000 fine per day from the E.P.A. to stop the pollution. It's time for a street superintendent who listens to his workers.

**THE LAW AND YOU**

**BY RICK REED**  
Attorney At Law

Many people are not aware that momentary bad decisions can result in legal problems that often last a lifetime. It has been the experience of this office that frequently individuals make a spur of the moment irresponsible decision, and they wind up with a criminal record.

One recent case, an 18 year old high school senior decided with a friend that they would rob a convenience store. The boy in question drove the getaway car while his friend went into the store. The police apprehended them, and now the 18 year old has a felony conviction on his record which will haunt him the rest of his adult life. This boy had no previous criminal involvement, but he will pay a heavy price for one bad decision.

In another case, a young man was at a party with a friend, and the friend asked him to take some marijuana to his house. The young man was getting ready to leave the party and he didn't think it was a good idea to transport the cannabis in his vehicle, but he decided to do this as a gesture of friendship. On the way to the friend's house, the police stopped him for speeding, and they found the marijuana lying in the front seat. He too now has a criminal record because of a momentary lapse of judgment.

Some of the cases are even more bizarre. In one recent incident, a young man at a party had too much to drink. He got into an argument with his intoxicated girlfriend, and the argument became more heated as the evening wore on. Eventually he locked her in a shed behind the house and would not let her out. Once she obtained her freedom, she called the police, and he was charged with assault and battery. In this case, the man will have to pay attorney's fees and a fine for what he thought was momentary fun.

And, of course, everyone is aware of situations where a person became intoxicated and decided to drive home even though he knew better. In many cases like this, the person winds up charged with driving under the influence with a resulting loss of driving privileges.

So what is the lesson to be learned from these cases? Think before you act. The momentary bad judgment may result in legal entanglements that change your entire life.

# Warriors, Oilers 'blown' away

By Dave Whaley  
Staff writer

WOOD RIVER — The Warriors and Wood River Oilers didn't play baseball Wednesday. Just as well. It would have been a blowout for both teams.

The field was dry, skies were sunny and the temperature was 75 degrees at game time. But winds gusting close to 35 miles per hour encouraged Warrior coach Bob Stegemeier and Oiler coach Buzz Kindle to postpone the game. It will be rescheduled later.

"I've never seen wind like this on a day we were supposed to play," said Stegemeier as he walked back to the bus, a feat easier said than done since he had to walk into the wind. "Outside of rain, this is the worst weather we've ever had for baseball. It just would have been too dangerous for the players."

"Any infield flies will be called a ground rule double. We're not going to make anybody try to catch it."

—Gus Lignoul

The Oilers had just completed their infield warmups about 10 minutes before starting time when Stegemeier and Kindle decided the wind was too much. Even the shortest throws into the catcher were changing directions. And the Oilers, who wear brown jerseys, were almost disappearing in the dust storm arising from the infield.

"They aren't going to have any infield dirt left," said GCHS athletic director Greg Patton with a laugh.

"We've got a new rule for today," Warrior assistant coach Gus Lignoul said before the game was called. "Any infield fly will be called a ground rule double. We're not going to make anybody try to catch it."

There likely wouldn't have been any infield flies. The wind was blowing straight towards the outfield. It was a hitter's dream, but it would have been nearly

BILLY VAN BUSKIRK begins a swing which ended in a home run Tuesday against Galesburg at Varsity Field.

impossible to pitch with any control.

The Warriors wanted to play, mainly because they've started the season with four wins in two days and are on a roll, and partly because they had to return to Granite City and practice Wednesday night — indoors, of course.

Granite City is now off until Monday when Roxana comes to Varsity Field for a 4 p.m. game.

"I need a tourniquet to keep

my hat on," said pitcher Chris Hill as he fought his way to the bus.

The last few trips to Wood River — where Stegemeier went to high school — have been an adventure for the Warriors. Two years ago they played on a cold and damp night, and the game dragged on forever. It was in the fourth inning and Granite City looked horrible, trailing 6-2. Fortunately, it got too dark — the high school diamond has no

lights — and the game was never completed.

Four years ago the two teams played at Van Preter Park in East Alton. It was 29 degrees when the three-hour, 15-minute game finally ended with the Oilers scoring three in the bottom of the seventh for an 8-7 win.

So in light of those two games, perhaps the Warriors were wise to get out of town and wait for another day.

## Execution perfect in Tuesday sweep

By Dave Whaley  
Staff writer

GRANITE CITY — No need to make those reservations for Springfield and the state tournament just yet. But it would be an understatement to say things have gone smoothly so far for the Warrior baseball team.

For the second time in 24 hours, Granite City swept a double-header at Varsity Field on a gorgeous Tuesday afternoon. And the Warriors looked good doing it, not committing an error all day as they held off Galesburg 7-6 in the opener, then methodically rolled to an 8-1 win in the nightcap.

"It's the first time in quite a while the Warriors have started out 4-0. Not even the great 1987 team (Hogans, Hendrickson, Hinterser et al) won its first four games."

Just about everybody on the roster has done something to contribute in these games," said coach Bob Stegemeier. They have all come through. And

## Oakville, St. Joe's 1-2 in first poll

By Dave Whaley  
Staff writer

There's not much separating the Oakville High and St. Joseph's Academy girls soccer teams.

That holds out on the soccer field as well as in the first *Suburban Journals* coaches poll of the spring. Oakville claimed the first No. 1 ranking of the season Monday by collecting seven first-place votes and 79 total points. St. Joe's picked up a single first-place vote and was a close second in the poll with 77 points.

The difference probably was the Tigers' 2-1 win over the Angels on March 19. That was one of the season's first big games, a rematch of last spring's Missouri Class 4A title game, in which St. Joe's (2-1 in 1990) knocked off Oakville 2-1.

But the Tigers, 2-0 this season and led by 47-goal scorer Janny Burton, figure to be at or near the top all season. St. Joe's, meanwhile, has eight juniors in the starting lineup, including six who have been starting since their freshman year.

Those two teams were clearly a cut above the rest in the inaugural poll, but Notre Dame of St. Louis was rated the best of the rest with 48 points for the No. 3 ranking. Incarnate Word (44 points) and Mehlville (42) followed closely to round out the top five.

Collinsville is the only Illinois team in the poll. The Lady Kahoks (3-0-1 so far) have been the metro east's representative at the state tournament in each of the three big girls' soccer seasons since Illinois began the girls' tournament. They were quarterfinalists last year with a 13-6 record and return standouts Mandy Holcomb, Caryn Chasteen,

## Journals Coaches Poll Girls Soccer

Also receiving votes, in order: Hazelwood East, St. Dominic, Granite City, Norms Hall, Alton, Francis Howell North, Rockwall, Duffburg Parkway Central, Lureka, St. Charles West, Uxalton, St. Charles, Duchesne.

Coaches in poll: Gene Baker, Granite City; Steve Bethlach, Cor Jesu; Bill Bengele, Fox; Vince Davis, Aquinas-Mercy; Duane Haddox, Duchesne; Doug Huggler, Parkway Central; Andy Kosberg, Collinsville; Steve Schall, St. Joseph's Academy; Dean Schulerberg, Hazelwood Central; Chris Warren, Mehlville.

Number in parentheses indicates first-place votes. Last number indicates points received in voting. A first-place vote is worth 10 points and so on down to one point for a tenth-place vote.

## Girls blank McCluer in opener

By Dave Whaley  
Staff writer

FERGUSON, Mo. — The Lady Warrior soccer team turned to their old reliables to beat McCluer 4-0 in the season opener Tuesday.

Senior Jennifer Harper scored in the first half, then last year's leading scorer, Addie Lenzi and Amanda Witter broke the game open with goals in the second half. Sophomore Michelle Knox added the final goal.

"I thought McCluer would be slightly improved this year and they were," said Granite City coach Gene Baker. "It was a pretty good team game for us, but we still have a lot of learning to do. We're not talking a lot. The girls have practiced very well, but it will take a little time for some of the younger ones to pick up on all the subtleties they need to learn for games."

Harper scored massisted in the first half. Sophomore goal tender Stephanie Kuit picked up an assist on Lenzi's goal. The senior all-star picked up Kuit's long punt and took it in for the goal. Freshman Brooke Bjorkman assisted on the goal by Witter, a junior. Senior Hollie Taylor got the assist on Knox's goal.

Junior Leslie Stavelly played the first half in goal before Kuit finished up. The Lady Warriors outshot the Comets 12-2 and had eight corner kicks while McCluer had none. Granite City was called for eight fouls and McCluer was whistled for 12.

"It was amazing the foul count was that high," said Baker. "It was a very wild game, but they were calling every little thing."

The Lady Warriors are off until Tuesday, when they host Collinsville in the home opener. Junior varsity action at Memorial Stadium begins at 4:30 p.m.

## Shells beat error-prone softball team, 15-7

By Brian Henry  
Correspondent

GRANITE CITY — John Hutchings summed up the Lady Warrior softball team's season opener Tuesday best when he referred to it as a "comedy of errors." Unfortunately, this was one comedy he would rather see cancelled.

Roxana topped Granite City 15-7 in the season opener for

both teams. The Lady Warriors committed seven errors, while junior pitcher Mia Puhse threw seven wild pitches and also hit a batter despite allowing only four hits.

"We need to start thinking defense," said Hutchings. "We made too many mental errors."

The first inning set the tone. After a leadoff walk, Lori Huggins lined into an apparent double play. But catcher's interfer-

ence was called on Dawn Bazzell. Two errors and a passed ball later, the Shells led 2-0 without a hit.

"They shouldn't have had those runs," said Hutchings. "We gave them at least five outs that inning. Dawn did all right, but she was a little nervous. She thought she could have had some of those balls that got by her."

Darla Mayhall singled in Arney Bohensiehl to make it

2-1, but Roxana got three more runs in the second, again without a hit. Only one of Roxana's 15 runs was earned. Granite City took advantage of three Roxana errors to cut the margin to 7-4 in the third. Tiffany Winters singled and went to third when Kim Jacobs misplayed and Karen Sykes sacrificed. Winters stole home on a double steal and Sykes scored on Mayhall's infield out. Bazzell

(See SOFTBALL, Page 3C)

# Senior softballers ready for nationals

By Mike Kelly  
Staff writer

GRANITE CITY—Age is unimportant to the members of the Southwestern Illinois Regional Senior Olympic softball team. Gold medal regional winners at SIOR in a 64-and-under bracket last season, the group will represent southwestern Illinois, as well as Granite City, at the National Senior Olympics in Syracuse, N.Y., on June 28-July 3. The tournament will also be televised by ESPN.

The team features a 16-man roster, including 14 players from Granite City. Team coordinator Jim Cox credits the development of a senior softball league that plays on Tuesdays beginning in late April in the Granite City Park District as a huge asset to the program.

The team is made up of two teams who played in the Granite City Senior League, Imo's Pizza and Miller Lite. Prior to forming the Senior League, many of the players played in the 35 and Over League and church leagues at the park district.

"Our first experience two years ago gave us the idea of starting up this league," Cox said. "We're thankful those people recognized the need for such a league. That gave us the opportunity to choose the best players from those teams to feed our regional team."

"We had six teams playing last season and that many teams should return this spring. The other teams we faced at the regional featured the best players from such a league. It's like putting together an all-star team."

Cox said most of the players entered the tournament for enjoyment, but their competitive spirit eventually took over. "Sure, you're in it for fun, but once you take the field your competitive spirit comes to the forefront," he said. "You want to do a good job of representing your community. That's why we've worked so hard for this. There won't be any excuses this time around."

Getting such a program off the ground takes a lot of time and money. Cox credits Granite City's strong sports tradition and a contributing business community as the major factors responsible for getting the project off the ground.

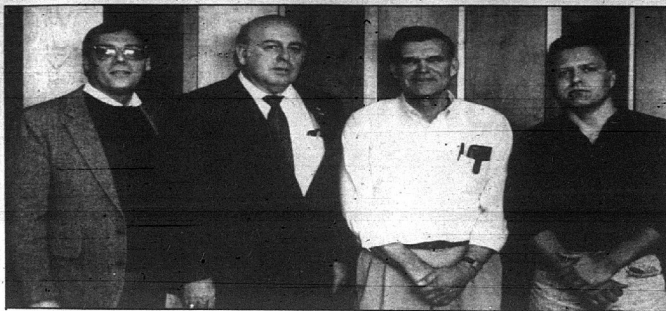

"You can't grow up in Granite City without being influenced by sports," Cox said. "All of the players on our team have been playing ball for many years. There's a lot of playing experience on the roster."

"But the closeness of our community is the key element. Everybody knows someone in the business community or the unions. Those people are willing to make donations that will help all the athletic programs. I can't say enough about the sponsors. We wouldn't get off the ground floor without them."

Some of the major sponsors involved in this endeavor are: Hon. Saek of Imo's Pizza, Don Gillham of the Operating Engineers Local 148, Ray Arnold of the Operating Engineers Local #2 and Larry Zotti of Miller Lite. But the door is always open for a few more contributions.

The team will dedicate the national trip and the games to the memory of Ted "Sonny" Antoff. The former president of the Operating Engineers Local 148 died suddenly of a heart attack last year. Antoff played softball all his life in Granite City and he was a member of the Southwestern Illinois team in 1989.

"The team will wear black armbands in his memory during

HELPING GET THE SENIOR OLYMPIC softball team off the ground are, left to right, Don Gillham of the Operating Engineers Local 148, Ray Arnold of the Operating Engineers Local #2, team coordinator Jim Cox and Ron Saek of Imo's Pizza.

the tournament," Cox said. "Sonny was a special person to all of us. We want to do our best for him."

And Cox will be disappointed if the team doesn't accomplish something at the national tournament.

"It would certainly be a let-down if we didn't do well," he said. "We've got a good squad to represent the area and we've devoted a lot of time off the field to perfect our program."

"Having a softball team in the national tournament has rejuvenated some playing careers. Guys that just filled out a roster in the church leagues are now back to playing full-time for a purpose."

A new rule instituted by the park district allowing players who also participate in the church leagues to play on two teams has been helpful.

"That gives us more people to work with," Cox said. "The greater the turnout in these leagues, the greater chances we'll have to produce a competitive product. And we're very confident in this year's team. That's why we're going to play this up."

"We plan on marching in the parade of the states before the tournament, and carrying a state flag and a flag of Granite City. There's a lot of pride at stake and we plan on putting on a good show for the fans while going for the gold."

## Park sponsoring two Cardinal trips in '91

The Granite City Park District will be sponsoring two trips to Busch Stadium during the upcoming baseball season. The first game will be May 29 and the second game will be June 27. The May 29 game is a 7:35 p.m. contest against the Pittsburgh Pirates and the June 27 date is a 12:35 p.m. game against the Philadelphia Phillies. Tickets for the first game will go on sale in the Wilson Park Office on April 2. Tickets for the June game will go on sale May 1. Thirty-seven tickets will be on

sale for each game. Park district residents will be given priority, with non-residents placed on a waiting list and notified two weeks in advance of each game. Proof of residence must be presented for each person with no more than two tickets being sold to any individual. The cost of the tickets and bus transportation is \$8, with the seats located in the loge reserved section.

For more information, call the Wilson Park Office at 877-3059.

## Paddlers meeting Monday at Township Hall

Paddlers swimming and diving teams will have their first parents meeting for the 1991 season April 1. The meeting will be at 7 p.m. at the Granite City Township

Hall, 2000 Delmar Ave. Paddlers is looking to add as many new swimmers and divers as possible. Parents of all interested children between the ages of 6-18 are invited to attend.

was hit by a pitch and eventually scored on an error.

Jenny Boger, who scored four runs and had three of Roxana's seven stolen bases, singled to start a three-run rally in the fourth. She'll be back in the game, as she was able to pitch around five errors as she went the distance.

"This was her first varsity game ever and Amy did a good job," said Roxana coach Mike Arbutnot. "She got tired in the latter part of the game, but she hung tough to complete it."

Roxana put the game out of reach with four runs in the seventh.

"You don't look for those

things (defensive lapses) to happen," said Arbutnot. "They had some letdowns and we had some first-game jitters. But as the year goes on those things will be smoothed out."

Hutchings hopes so.

"We had some bad breaks, but the kids kept trying," he said. "If we would have played better defense we could have won."

## Galesburg

(Continued from Page 1C)

when one of them hasn't, the next guy has."

Granite City got solid starting pitching Tuesday from senior Mike Nordstrom and junior Drake Marshall. Nordstrom allowed only two runs in five innings in the opener, but sophomore Brent Dippel had to get the save in the seventh after the Silver Streaks (6-2) scored four runs off Chris Hill.

Marshall struck out six in five innings of the nightcap before junior Dan Askins pitched two perfect innings to wrap up the sweep.

"Mike didn't make too many bad pitches," said Stegemeyer. "Even the home run they got wasn't really cracked. It just got up in the wind. And Drake did a good job. He still rushes things a little bit, but once he starts getting his breaking ball over he's going to be all right."

"Hill is still struggling, but he's a smart kid. He'll figure out what he's doing wrong and will adjust. And the second game was a tight one when Askins came in and he shut them down. You use these early games to see what everybody could do and Danny showed us."

Galesburg won the state championship in 1988, and the 1991 team looks impressive. They have some big people up and down the lineup, including 6-4,

**FIRST GAME**  
GRANITE CITY 7, Galesburg 6  
GRANITE CITY: 000 000 4-6 9 2  
Galesburg: 010 100 4-7 9 0  
GRANITE CITY: 1B, RBL; 2B, RBL; 3B, RBL; 4B, RBL; 5B, RBL; 6B, RBL; 7B, RBL; 8B, RBL; 9B, RBL.  
Galesburg: 1B, RBL; 2B, RBL; 3B, RBL; 4B, RBL; 5B, RBL; 6B, RBL; 7B, RBL; 8B, RBL; 9B, RBL.

240-pound designated hitter Mike Johnson, who will play football at Illinois. But size didn't matter Tuesday.

"We look good, but we don't always play good," said Galesburg coach Larry Bruington. "Actually, we didn't play that badly today. Granite City just looks awfully good to me. They executed and did everything they needed to do."

Galesburg's defense helped the Warriors win the first game. Left fielder Sean Kane misplayed Erik Lewis' single in the second inning and Dan Partney scored all the way from first on the error. Ryan Reeves doubled in the fourth and scored on Partney's sacrifice fly. The Silver Streaks tied the game in the fifth on Bob Allen's hit and Kris Parrish's home run.

But the Warriors scored five runs — four unearned — in the bottom of the fifth. Starting pitcher Jeff Vanosdall walked John Cozair, then was relieved by Johnson. But he walked Billy

**SECOND GAME**  
GRANITE CITY 8, Galesburg 1  
GRANITE CITY: 001 000 2-1 5 2  
Galesburg: 000 000 0-0 0 0  
GRANITE CITY: 1B, RBL; 2B, RBL; 3B, RBL; 4B, RBL; 5B, RBL; 6B, RBL; 7B, RBL; 8B, RBL; 9B, RBL.  
Galesburg: 1B, RBL; 2B, RBL; 3B, RBL; 4B, RBL; 5B, RBL; 6B, RBL; 7B, RBL; 8B, RBL; 9B, RBL.

Van Buskirk, Jeff Stephens and Marshall to force in the go-ahead run. Reeves struck out and then Johnson appeared to escape when Partney grounded to third. But Craig Foxall threw wildly to first as Van Buskirk and Stephens scored to make it 5-2. Nordstrom then singled the first and second to plate two more runs.

Those extra runs were needed as Steve Salsman and Jason McGraw delivered two-run singles in the seventh. But with the tying run at second and two outs, Dippel got Johnson on a ground ball to shortstop.

Partney had three hits in the nightcap, including two-run RBI hits in the first and third innings. Van Buskirk also hit a home run which soared majestically over the left field fence in the second. Galesburg scored a run in the third, but Marshall and Askins retired 13 of the last 14 hitters.

Meanwhile, the Warriors continued to execute. Marshall slid

hard to break up a double play in the fifth and the resulting wild throw scored a run. Nordstrom delivered another two-out RBI hit, then Stephens and Reeves both produced RBI sacrifice flies in the sixth.

"We're producing some runs with something other than just a lot of hits," said Stegemeyer. "This group of kids really understands that. They know what it takes to win and the attitude is super."

Tuesday's wins were even more satisfying than the sweep of Washington on Monday.

"The pitching and the competition in general was better," said Stegemeyer. "Galesburg has a nice bunch of kids. You can tell they're disciplined and well-coached. I like playing a team like that."

"Our defense is just outstanding. Stephens and Marshall in the middle of the infield is about as good as I've seen here in a while. They turned a couple of stick double plays (in the first and second innings of the opener). I don't know how many games we're going to win, but I haven't found much to complain about so far. The attitude is great and the kids will find it easier to live with if they keep playing heads-up."

On Saturday, March 2, 1991, I was having lunch with my family when I heard a knock at the door. As I opened the door, there stood my boss, Mac (Ward) the Street Sign, with his campaign literature. Before I could say "Hello", Mac in a very loud and what he thought was an intimidating voice, demanded that I take down the sign in my yard for "Jug Harmon".

(He reminded me he was my boss, and I owed him.)

I told Mac the sign was going to stay in my yard and I didn't appreciate him talking like that in front of my family, with that his face turned red and he said he was turned and walked away. He said "well, see you later" and was compelled to write this letter, since Mac stated in his interview he never pressured any of his employees for support.

I don't know what you call what Mac did, but what ever it is, it didn't work. I'm still supporting "Jug Harmon" and his sign is still there!

## Homemakers to plant tree

The March 5 meeting of the Granite City Unit, Homemakers Extension Association, was opened by the pledge to the flag, led by Betty Weston. The Homemakers Aim was given by Betty Goldschick. Ann Miller gave the opening prayer and luncheon was served by the hostesses, Sophie Thomas, Ann Miller and Grace Padlock.

The meeting was opened by President Florence Stokes. Roll Call was taken by Secretary Betty Goldschick with 27 members present. The secretary then read the minutes of the previous meeting, which were approved. A motion was made and seconded that Alma Beckman's 50-year plaque be donated and hung at the 6-mile Museum.

First Vice President Barbara Rodgers thanked the hostesses and then LaNell Lessog gave the lesson on "Mealtime Entertaining with Ease - Table Settings and Etiquette." Most of the lesson was a "show and tell" session.

Rodgers also announced that the hostesses for the April 9 meeting will be Betty Weston, Freddy McElroy and Helen Harshany. She also announced that the April lesson will be "Lean and Luscious: the Other White Meat" and will be given by Elizabeth Schmidt and Vincine Zerlan.

Treasurer Winnie Kelly than gave her financial report.

Shirley Stallings was named a member at large. Motion was approved.

Mary Evalyne Yencoff reported on a membership kick-off luncheon she attended in Edwardsville on Feb. 25, and Helen Harshany and Elizabeth Schmidt attended the cultural arts workshop in Edwardsville on Feb. 23. Harshany will hold a crafts day at her home on May 7 at 10 a.m. The attendance prize was won by Vivian Byer.

Stokes discussed the Chamber of Commerce's Clean up Day. A Bradford pear tree will be planted at the Old Six-mile Museum.

A discussion concerning various bus schedules of the township bus and the ACT and MCT buses was held.

More information will be available about tours of the Young At Heart group from Holy Family Church.

The May District meeting will be at the Hope Lutheran Church on May 9 at 9:30 a.m. after which will be a bus tour to St. Genevieve, Mo.

The Homemakers Creed, led by Harshany, closed the session.

### Eagles Auxiliary attends meeting

Eagles Auxiliary District 7 was held Feb. 24 in Collinsville. Members attending from Granite City were Florence Hagmann, Angie Buchler, Joanna Spencer, Katie Kostoff, Del Deloney, Vera Johnson and Vincine Zerlan.

The meeting was opened by Collinsville President Rose Gibson, who welcomed all present.

Escorted to the altar were past state president Mary Stogner,

state convention chairman Doty Barrett, state treasurer Rita Cuoco, Golden Eagle chairman Vincine Zerlan, District Chairman Helen Meyers and District Mother Mary Murphy. All were presented a gift from Collinsville.

District Chairman Helen Meyers presided and — the past-state president was the guest speaker. Stogner gave a very interesting speech for all of us to reach out, speak up and pull together for the good of the Auxiliary.

A silent prayer was offered for the men and women in the war zone. Golden Eagle chairman Zerlan invited everyone to attend the Golden Eagle Dance, to be held in Granite City on April 6.

The Collinsville auxiliary honored the chaplain station at the meeting and Granite City Chaplain Joanna Spencer received a gift.

The next District 7 meeting will be held in Granite City on Sunday, May 5, at 2 p.m.

### Support set for Aquacenter

The Mid-America Aquacenter Community Service Organization had its second meeting, Wednesday, March 20, at Ralph and Charlie's restaurant in Pontoon Beach.

The group has decided on a name, the Aquacenter Support group, and members have elected Rodney Almos as president and Marjorie Crockett as secretary. Many people came with the desire to learn more about the center and try and help with its

development. The group has more than 25 participants and is asking for more interested people to come to the next meeting, 6:30 p.m., April 3, at Ralph and Charlie's. Call the Aquacenter office, 797-2782 for more information.

### Trio Unit meets at church

The Trio Unit of Madison County Homemakers met March 5 at Hope Lutheran Church.

A luncheon menu of tuna and ham salad sandwiches along with green jello salad and chips were served. St. Patrick's Day was the theme of the decorations.

Hostesses were Helen Robertson, Dorothy Kinney, Mary Mulen and Shirley Thompson.

Genevieve Hill introduced local leaders Helen Todroff and Roberta Cottrell.

The major lesson was "Mealtime Entertaining with Ease Table Settings and Etiquette."

Many table settings were demonstrated along with napkin folding.

Hints were given for attractive and unusual adornments with inviting eye appeal for table settings.

Chairman Vivian Forshee called the meeting to order, welcoming 36 members and one guest, Glenna Eaton, who became a new member along with Joyce Bennington and Helen Gubser. Helen Miller demonstrated several items to be made at the craft day meeting in May.

The next meeting will be held April 3 at Hope Lutheran.

## Local teen to compete in pageant

JoAnn Carol Buxton, 16, daughter of Mr. and Mrs. John P. Buxton of Granite City, has been selected to be a finalist in the 1991 Miss Illinois National Teen-Ager Pageant, to be held at the Holiday Inn Conference Resort Center in Decatur, March 29-31.

JoAnn Buxton is being sponsored by Gateway Diversities,

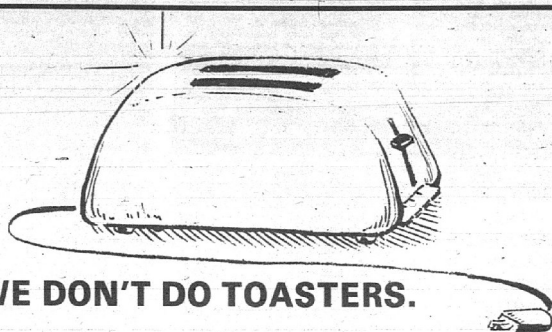

Granite City Fire Fighters Local Union 253, Hair Emporium, her grandparents Donna and Lloyd Collins, dentist Jan Mehelie and Irwin Chapel.

Her hobbies are band, sports and her family.

The Illinois National Teen-Ager Pageant is the official State Finals for the 20th Annual Miss National Teen-Ager

Pageant, to be held in Orlando, Fla., August 9-17.

There will be a state winner and four runners-up in each of the two age divisions: 13-15 and 16-18. The winner in each age division will receive a \$1,000 savings bond, an all-expense paid trip to Orlando to compete in the National Pageant, and two modeling scholarships.

## EASTER SALE!

Mr. and Mrs. Clarence Chamberlain, 1941 and 1991

## GC couple observes 50th

Clarence and Edna Chamberlain of Madison will celebrate their 50th wedding anniversary on April 5.

A dinner reception will be held at the home of Clarence and Elaine Chamberlain in Marine, Ill., on March 30.

Clarence Chamberlain and the former Edna Fay Insley, both originally from Fort Scott, Kan., were married in Nevada, Mo., on April 5, 1941, by a justice of the peace.

They have resided in Madison for the past 40 years.

Clarence Chamberlain is retired from the Illinois Central Gulf Railroad. Edna Chamberlain retired early in her career as a registered nurse and currently continues as an active homemaker.

The Chamberlains are the parents of four children, Clarence E. Chamberlain of Marine, Charles R. Chamberlain of Granite City and Thomas M. Chamberlain and Maryann Dollar, both of Madison. The Chamberlains have 10 grandchildren and one great-grandson.

## Robins mark golden year

James and Viva Robins celebrated their 50th wedding anniversary March 8 with a reception held at the Knights of Columbus Hall, 425 Old Alton Road.

James Robins and the former Viva White were married in Hoxie, Ark., on March 8, 1941, by Judge George U. Weeks.

James Robins retired from Vess Bottling Co., where he had worked for 20 years. Viva Robins is a homemaker.

The Robins are the parents of four sons: Jerry D., James C. Jr., Ricky J. and Ronald D. Robins, all of Granite City; and two daughters, Patricia Reed of Sulpalpa, Okla., and Judith Parker of San Diego.

The Robins have 10 grandchildren and six great-grandchildren.

Mr. and Mrs. James Robins

Angela Griffith and Timothy Spray

## Griffith-Spray

Angelo J. Griffith, daughter of Carol Keeton of Edwardsville and Walter Griffith of Grafton, and Timothy J. Spray, son of Dale and Joanne Spray of Cheyenne, Mich., have announced their engagement and forthcoming marriage.

The bride-to-be of Edwardsville is attending Southern Illinois University of Edwardsville and is employed by Trans World Airlines of St. Louis as a flight attendant.

Her fiancé is a graduate of Lake Superior State University and is employed by McDonnell Douglas Corp. of St. Louis as an engineer.

The couple is planning a May 1 wedding at Kahumanu Church in Maui, Hawaii.

## Births policy

Birth announcement forms are made available to St. Elizabeth's Medical Center in Granite City and Anderson Hospital in Maryville, and they are available at the Press-Record/Journal office, 1815 Delmar, Granite City.

Lisa Lawhorn and Mark Pulliam

## Lawhorn-Pulliam

Lisa Jean Lawhorn, daughter of Mr. and Mrs. Joseph Lawhorn of Pinckneyville, and Mark Daniel Pulliam, son of James Pulliam and Paula Zavala, both of Granite City, have announced their engagement and forthcoming marriage.

Lawhorn of Belleville is a 1987 Pinckneyville High School graduate and is employed by Magna Bank of Belleville as a balance clerk.

Her fiancé, Pulliam, is a 1987 Granite City High School graduate and is employed by Gaylord Container Co. of St. Louis as a power lift truck operator.

The couple is planning a June 15 wedding at United Pentecostal Church of Troy in Troy.

Dr. and Mrs.  
Michael Yencho

## Yencho-Blood

Mary Jean Blood and Dr. Michael E. Yencho were married Oct. 13, 1990, at Saint Agatha Church, Milton, Mass. The Rev. Nicholas C. Ciccone Jr. officiated at the nuptial Mass.

The bride is the daughter of Ann and Alexis Blood of Milton, and the groom is the son of Mary Evelyn and Edward Yencho of Granite City.

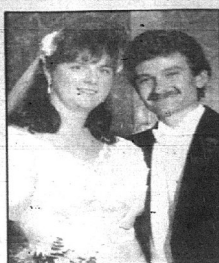

The bride chose her sisters, Patricia Blood of Milton as maid of honor and Carol Walker of Pensacola, Fla., as matron of honor. The bridesmaids were Gina Manfredonia of Boston, Susan Mack of Hartford, Conn.; Diane Malone of West Springfield, Mass.; and Diane Friedlander of Portland, Maine.

The groom chose his brother, Stephen Yencho of Stanford, Calif., as best man. Groomsmen were Richard Blood of Milton, brother of the bride; Dr. John Walker of Pensacola; Dr. William O'Connor of Albany, N.Y.; and Dr. Richard Brennan of St. Louis.

Immediately following the ceremony, a reception was held at the Copple Plaza Hotel, Boston. After the honeymoon in Bermuda, the couple now resides in Emerald Isle, N.C.

The bride is a 1982 graduate of Milton High School and a 1986 graduate of Boston College, where she received a bachelor's degree in finance. Before her marriage, she was employed as a senior underwriter at Liberty Mutual Insurance Co. headquarters in Boston.

Her husband is a 1978 graduate of Granite City High School North. He graduated Magna Cum Laude from St. Louis University in 1982 with a bachelor's degree in chemistry and biology, and he earned his medical degree from St. Louis University School of Medicine in 1986. He served his residency in pediatrics at Oakland Naval Hospital, Oakland, Calif. Yencho is a pediatrician at Camp Lejeune Naval Hospital, Jacksonville, N.C., and holds the rank of lieutenant commander in the Navy.

Mr. and Mrs.  
Paul Lee Miskell

## Miskell-Juergens

Kay Lara Juergens and Paul Lee Miskell were married Nov. 3, 1990, at Union United Methodist Church, Belleville.

Officiating at the ceremony were the Rev. Bill Pyatt and the Rev. Don Wolford of St. Elizabeth Catholic Church in Granite City.

The bride is the daughter of Bill and Joan Juergens of Belleville, and the groom is the son of Charles and Lorraine Miskell of Granite City.

The maid of honor was Deborah Brekss of Brentwood, Mo. The bridesmaids were Lori Juergens of Belleville, a sister of the bride; Cathy Harrison of New Athens; and Ann Miskell of Granite City, a sister of the groom.

The best man was Blaine Miskell of Granite City, brother of the groom. The groomsmen were Gary Miskell of Pleasanton, Calif.; brother of the groom; and Juris Brekss of Brentwood, Mo.

Mr. and Mrs.  
Peter Jellen

## Jellen-Crenshaw

Norma Crenshaw and Peter Jellen of Madison were married Feb. 3, 1991, in Las Vegas, Nev.

The bride is the daughter of Ralph and Dora Hulvey of Doniphan, Mo., and Daniel F. Byrd of Kennett, Mo.

The groom is formerly from Edwardsville. Wayne and Jean Keating of St. Louis were the matron of honor and best man.

Also attending were Mr. and Mrs. Phillip Heath of Granite City and their son, Danny, of California. A reception was held Feb. 16 at St. Gregory's Hall in Granite City. About 500 guests attended. The reception was catered by the Den.

The bride is a self-employed painter. The groom is a building contractor. A honeymoon trip to Lake Tahoe, Nev., is planned later this year for July.

Mr. and Mrs.  
William Kaiser Jr.

## Kaiser-Weger

Ketra Sue Weger and William George Kaiser Jr., both former Granite City residents, were married March 22, 1991, at the Madison County Courthouse in Edwardsville.

The bride is the daughter of Claudia Lou Weger and J.D. Weger of Wood River, and the groom is the son of William D. Kaiser Sr. of Sikeston, Mo., and Pat Whittington of East Prairie, Mo.

The maid of honor was Dawn Kaiser of Fenton, Mo. The best man was Jackie Kaiser of Fenton, brother of the groom. The flower girl was Janice Kaiser, a niece of the groom.

After a wedding trip, the couple moved to East Prairie. The bride is a graduate of Hickey School and is employed by Emerson Electric of St. Louis as an executive secretary. The groom is employed by PTL trucking of Sikeston as a truck driver.

Michelle Rheinhardt  
and Rodney Mase

## Rheinhardt-Mase

Michelle Rheinhardt, daughter of Ruth Rheinhardt of Granite City and the late Fred Rheinhardt, and Rodney Mase, son of Charles and Joan Mase of Granite City, have announced their engagement and forthcoming marriage.

Rheinhardt is a 1985 graduate of Granite City Senior High School and a 1988 graduate of St. Louis Community College at Forest Park. She is employed by Dr. Katherine McNamara, D.M.D., and Associated Dental Care as a registered dental hygienist.

Mase is a 1981 graduate of Granite City High School South and a 1989 graduate of Southern Illinois University at Edwardsville. Mase is employed by Scott Air Force Base as a computer programmer-analyst. The couple is planning an April 20 wedding at the First Church of the Nazarene in Collinsville.

Robin Pierson  
and Victor Couch

## Pierson-Couch

Robin Jean Pierson, daughter of Mr. and Mrs. Lloyd Brooks of Madison, and Victor Ray Couch, son of Virginia Faye Miller of Edwardsville, have announced their engagement and forthcoming marriage.

Pierson is a 1983 high school graduate of Granite City High School South, and she is employed by Rizzo's East of Madison as a waitress.

Couch is a Granite High School graduate, and he is employed by Rick's Backhoe Service of Granite City as a operating engineer and owner.

The couple is planning an April 20 wedding at St. John Lutheran Church, 2001 St. Clair Ave.

## Mother, daughter observe birthdays

Venida McCart of Granite City has returned from visiting her daughter and son-in-law, Mr. and Mrs. Bobby (Beverley Ayres) Carpenter of Ellinsore, Mo.

During the visit, Mrs. McCart and her daughter celebrated their mutual birthdays on March 9. Beverley was born on her mother's 19th birthday. The family members also enjoyed spring floral displays in the Ellinsore area.

Kimberli Green  
and David Mouldon

## Green-Mouldon

Kimberli Renae Green, daughter of Tom and Kathy Green Sr. of Granite City, and David Edward Mouldon, son of Charles and Carol Mouldon, also of Granite City, are announcing their engagement and forthcoming marriage. The bride-to-be has attended Southern Illinois University at

Edwardsville and is employed at Granite City Schnucks.

Her fiancé also attended Southern Illinois University at Edwardsville and is employed at Boatman's Bank in St. Louis.

The couple is planning an April 6 wedding in the Pontoon Baptist Church on Pontoon Road.
